Welcome - your first 10 prompts

These ten prompts are the fastest way to feel what AI can do for your day. Open ChatGPT, Claude or Gemini (the free version is fine), copy a prompt, fill in the [brackets], and press enter. That's the whole trick.

- 1 Rewrite this message so it is polite, clear and half the length: [paste your message]
- 2 Summarise this document in 5 bullet points a busy person can read in 30 seconds: [paste text]
- 3 I need to plan my week. My tasks are: [list them]. My fixed commitments are: [list them]. Build me a realistic day-by-day plan.
- 4 Draft a professional reply to this email. Tone: friendly but firm. [paste the email]
- 5 Explain [topic] to me like I know nothing about it, then again like I'm an expert. Keep both under 150 words.
- 6 Here is my rough idea: [describe it]. Ask me 5 questions that would make the idea stronger, then wait for my answers.
- 7 Turn these rough notes into a clean, well-structured document with headings: [paste notes]
- 8 I'm about to send this. What could be misunderstood, and what's missing? [paste text]
- 9 Give me 10 name ideas for [business/product], each with a one-line reason it works.
- 10 Act as my accountability partner. My goal this month is [goal]. Ask me what I did today toward it, and be honest with me about my answer.
